Secondary School - 89.02%	Apr '19 - Mar '20
D.A.V Gandhi Nagar, Ranchi	

Experience

Full Stack Developer Intern - Central Coalfields Limited, Ranchi (June 2023 - July 2023)

- Developed a **Flight Fare Prediction App** using **data analysis and machine learning**, improving fare trend predictions.
- Performed extensive **data collection and preprocessing** for enhanced model accuracy.
- Collaborated in implementing algorithms and integrating **user feedback** for a seamless experience.

Projects

- **Todo List Web App** – Designed a responsive and interactive Todo List using HTML, CSS, and JavaScript . Implemented localStorage for persistent data storage, click-to-complete, and right-click-to-delete features . Created a clean, minimalist UI using Google Fonts and modern styling techniques
- **Crypto Tracker Web App** – Developed a cryptocurrency tracking application as a full-stack project using modern web technologies. Integrated real-time API data for market updates, implemented search and filter functionalities, and created an intuitive user interface to visualize coin performance and trends.
- **Job Portal Web App -** Built a full-stack job portal using Django, Python, HTML, and CSS. Enabled companies to post job listings and applicants to apply with resumes and cover letters. Included admin panel for managing jobs, companies, and applications, with a clean and responsive user interface.

Certifications

- **AWS Academy Cloud Foundations** – AICTE & AWS Academy
- **AWS Academy Cloud Architecting** – AICTE & AWS Academy
- **Accenture** - Data Analytics & Visualization Job Simulation
